School Prefects

Meet our prefects. As prefects, these children act as role models for all of the students in the school and must follow the school rules at all times; ready, respect, safe. Their main duty is to maintain an atmosphere of friendly cooperation, peace, discipline and unity in the school. They are here to help and encourage all children to do their best at school. They have lots of jobs to do including helping in the dinner hall and looking after children on the playground.
