

## PE Day

**Every Thursday**, children are to come into school dressed in their PE kit and will wear it all day. We will begin monitoring if the children are wearing the correct uniform and correct PE Kit.

Children will also be going swimming every Monday.

**This is compulsory.**

Children must bring swimming kit on **Mondays**.

Mr Vawer  
Teacher

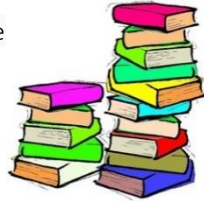

Miss Rakhra  
Teacher

## Reading Books

Reading is one of our key priorities at Field View. Your child will regularly read to staff within school, and we will also send out an age-appropriate book for you to read with them at home.

Once a parent has signed to say a child has read their book it will be changed. A "Brag Tag" will be added (a bead to add to their necklace).

Please can children's books be returned to school **every day**.

Mrs Hart  
Teaching Assistant

Teaching Assistant

## Dates for your diary

Every Monday: Swimming

17/02/23 – INSET Day.

27/02/23 – School Opens.

02/03/23 – World Book Day.

13/03/23 – Science Week.

20/03/23 – 22/03/23 – Year 4 Visit to Kingswood.

26/03/23 – Class photos

WB 03/04/23 – EASTER HOLIDAYS

## We are learning...

Our science topic this half term is Teeth and Eating. We will be learning all about the different types of teeth and how to look after them. We are also going to be looking at the different parts of the digestive system and learn about food c

In History, we are going to be learning about the Romans. We are going to find out about the Roman invasion on Britain, and how this impacted the lives of the Celts. We are going to consider whether the Roman invasion was positive for all those involved and explore the long-term legacy of the invasion.

In Design Technology, we are going to be making Mini Greenhouses. We are going to be exploring greenhouses and the importance of stable structures. We will also be looking at evaluating our work.

In Music, we are going to begin learning how to play the Ukelele.

We are still focusing on our new school values: Respect, Honesty and Perseverance, while also following our school rules: Ready, Respect, Safe

## Family Challenge

As our focus in History is the Romans, we would like to ask families of children to help create their very own Roman Mosaic.

In Science, we are learning about the digestive system. Alternatively, families could help their children create a model of the digestive system.
