

PE Day

PE is every **Wednesday**.

Please ensure that your child is wearing the correct clothes.

PE kit: black shorts or joggers, green t-shirt and black pumps

Reading Books

Your child will be given a book to read with you at home. Please feel free to listen to them read and write a comment in their Reading Records. Please can children's books and reading records be returned to school **daily**.

They will be rewarded with a bead to go on their Brag Tag.

We will be completing AR quizzes and encouraging reading for enjoyment.

Dates for your diary

10/11/22: PCSO Visit

10/11/22: Individual Photos

We are learning...

Science: In this topic children build on learning from Years 3 and 4 about the main body parts and internal organs (skeletal, muscular, and digestive system). It considers life processes that are internal to the body, such as the circulatory system. The impact of lifestyle on bodies, particularly of humans, is also considered. Scientists are continually finding out what is good and bad for us, and their ideas do change as more research is carried out.

History: Children will explore the world of the Maya, and debate whether they should continue to be remembered today as a significant culture. The children will begin by learning about the lives of the Maya today, before focusing on ancient Maya architectural achievements, their religion and surviving writings.

Computing: Pupils participate in some hands-on unplugged activities which help them to develop an understanding of some important algorithms. They also investigate these when implemented as Scratch programs.

RE: We will be exploring how to make our community a more respectful place.

PSHE: We will look at how to respect ourselves and others.

Music: Learning in this unit is focused around one song: Happy, a Pop song by Pharrell Williams.

Stunning Starts

Make a model of the digestive system.
