

Year 1 Summer 2 Curriculum Leaflet

ENGLISH

This term we are looking at a range of different Jack and the Beanstalk books. We will be continuing to improve our writing skills whilst looking at a range of key features including adjectives, conjunctions and adverbs. We are going to be looking at different writing genres such as character descriptions, setting descriptions, instructions and narratives. Our focus this term will be on giving more details in our writing.

Our first week's writing will be focused on the author Rob Biddulph who is a multi award-winning author/illustrator of children's books.

PSHE

This term we are looking at how we have changed throughout the years. We will be focusing on the changes we have made since we were babies. We will be looking at the changes we have made are ok and how we enjoy learning new things throughout our lives. We are also going to be identifying the parts of the body that make boys and girls different.

DESIGN TECHNOLOGY

This term we are creating and evaluating our own stable structure. We are working on a range of different skills including designing, making, evaluating and improving. At the end of the term, we will be able to take our structures home to share with our grown-ups!

MATHS

This term we will be embedding all four of the maths operations ensuring we are able to add up to two 2-digit numbers.

We will be introducing the children to time, focusing on 'o'clock' and 'half past.' It would be great if you could support your child's learning by asking them to tell the time at home. Children will also learn more about 2D shapes on 3D object and continue to learn about money.

We will focus on learning our 2x, 5x and 10x table fluently and practice using them. We will finish by practicing word problems by identifying the Maths stories in real world examples.

RE

We will be continuing our Sikhism topic this term. Children will learn more about how Sikh's pray, where they pray and some basic Sikh values.

Teacher 1AB

Mrs L Hickman
TA 1AB

Mr H Degan
Teacher 1HD

Miss A Sediq
TA 1HD

COMPUTING

This term children are learning about data. We will use iPad to input data into a webform as well as using spreadsheets to find answers to questions.

HISTORY

History is all about the history of travel. Children will focus on the Rainhill trails as well as the evolution of train and air travel. Children will understand how these forms of transport have evolved and the benefits this has created as well as problems like pollution.

MUSIC

Music this term will be taught by Anthem Voices. We will be working on our singing, listening and performance skills and there will be an opportunities for you to come in later in the term to see what we have been learning!

SCIENCE

This terms Science is all about going on holiday. Children will learn what to pack on holiday for hot and cold environments by focusing on the properties of materials. Children will also learn about sun safety.

Finally, children will do some litter picking to learn about how to protect the environment.
