

Year 1 Autumn 1 Curriculum Leaflet

ENGLISH

In writing this term we are looking at a range of stories. We are focusing on handwriting, formation of letters and ensuring that we can construct sentences. We are going to be introduced to different text type features such as: information text, descriptions and retells.

Our main focus will be ensuring that we use capital letters, finger spaces and full stops.

PSHE

We are understanding who we are and where we fit in the roles of our life. We are looking at how each and every one of us are special and where we feel safe.

ART

We will be introduced to the famous artist Paul Klee. We will look at examples of his work and think about what techniques he used in his paintings. We will then use everything they have learnt to finish a piece of art by Paul Klee.

MATHS

This term we are focusing on securing the basics of Maths. We will start with reading and writing numbers to 20, making sure all numbers are formed correctly. We then move to adding and subtracting two numbers up to 20 moving from concrete objects to doing this mentally.

Speed is important, so we will have weekly arithmetic tests to build this.

We will secure our knowledge of number by counting to and back from 20.

Children will also build on their knowledge of 2D shapes as well as being introduced to 3D shapes.

RE

In RE children will be learning about Christian beliefs and discuss the characteristics of God. Children will explore concepts of believing something they can not see as well as being introduced to some religious Christian artifacts.

Miss Birchall
Teacher 1AB

Mrs L Hickman
TA

Mr Degan
Teacher 1HD

Miss Alamio
TA

COMPUTING

Children will learn how to solve problems using programmable toys.

GEOGRAPHY

This term we will be focusing on place. Children will learn all about their local area. We will be going on a field trip later this year to a local park about 5 minutes walk away from school.

Children will learn where things are in relation to our school as well as understand what a map is.

MUSIC

As well as learning to sign, play, improvise and compose with a song. We will be listening and appraising other old-school hip hop tunes.

SCIENCE

In Science we are learning all about our senses. This is an exciting topic where children will get to smell, taste and feel various things. Children will also learn how to label their own body features eg head, arm, leg etc.

INFORMATION

PE Day is on a Tuesday

Please ensure your child brings in a water bottle into school with their name on it.
