

Year 1 Summer 2 Curriculum Leaflet

ENGLISH

This term in writing, we are looking at different versions of Jack and the Beanstalk.

Our first week's writing will be focused on the author Rob Biddulph.

We are focusing on a range of text types such as character description, setting descriptions, instructions, and alternative endings. We remain focused on handwriting and presentation of our work; we are encouraging the use of conjunctions to give our writing a bit more detail.

PSHE

This term in PSHE we are looking at how key parts of our life changes as we grow. This is including how our body has changed since we were babies, how to identify our body parts and how changes are ok.

DT

DT is all about stable structures this half term.

Children will be making bird boxes, buildings etc out of cardboard boxes. We will communicate with you near the time but we kindly request you keep some empty boxes.

MATHS

Children in Year 1 will finish the year being introduced to times tables, division as well as embed previous learning.

It is important all children are practicing their 2x, 5x and 10x table at home.

We will continue to embed mental maths for those who are ready. Our focus is adding and take away to 20. These should now be known facts.

To support your child transitioning to Year 2, Year 1 are also focusing on presentation. Children are being taught how to draw lines using a ruler.

Finally remember Numberbots, this is a big push for children.

RE

In RE we are introducing children to Islam. They will learn some basic key concepts of the teaching of Islam and listen to some stories.

Miss A Birchall
Teacher 1AB

Mrs L Hickman
TA 1AB

Mr H Degan
Teacher 1HD

Miss A Alaimo
TA 1HD

COMPUTING

This term we are using a range of technology to use data to solve clues. We will be playing name the pirate with cards, this is a little like guess who. We finish the unit introducing children to Popplet using iPads.

HISTORY

In History this term, we are looking at the great inventions of transport. We will be focusing on the Wright brothers of their invention of the airplane. We will then be moving our focus onto the Rainhill trials and its importance in our history.

MUSIC

This term in Music, we are focusing on our prior performance from Summer 1 and how we can improve this performance. We will be looking at different strategies to help us be better musicians.

SCIENCE

In Science this half term we will be teaching children about every day materials using the theme of 'on holiday'. As part of this unit, children will be introduced to simple experiments and data gathering/recording.

We will also be educating children on sun safety.

INFORMATION

PE Day – Monday
SEND Coffie Morning Wednesday 3rd July.
Sports Day - Friday 5th July

Please remember, children can not bring snacks into school unless it is part of their packed lunch. KS1 always have plenty of fruit to give to children.
