

Year 5 - Summer 2 - Curriculum Leaflet

Year 5 – Sport Day – 9th July

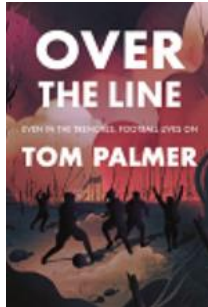

ENGLISH

Our Year 5 text is 'Over the Line' by Tom Palmer. Our Writing Lessons will explore:

- Biography
- Flashback narrative.
- Newspaper report

Our Reading lessons will concentrate on reading domains of:

- Word meaning
- Retrieval
- Inference
- Summary/giving opinions

PSHE

This term, we will be looking at our dreams and goals. We will be looking at the types of jobs we want to have when we grow older and what we have to do to get to this point. We will also be looking at planning a charity event where the children will pitch an idea to raise money.

DT

In Design and Technology, we will be exploring the world of textiles. Researching and designing an original piece of stitching/ applique to apply to our very own draw-string bag. We will master different sewing stitches and cutting techniques to produce a finished product.

MATHS

This term we will include: Solving comparison, sum and difference problems with line graphs, complete missing number grids and sequences, estimate and compare angles and identify and use square and cube numbers.

FRENCH

This term we will be learning to develop speaking, listening, and writing skills. We will learn about giving dates of my birthday, zoo animals and my likes and dislikes. I will be able to form plurals in French and produce a poster using Key French Phrases from this year.

RE

This term, we will be looking at different religions and beliefs within our community. We will be looking at the Jewish community, the atheist communities, and the prominent religions in the community.

HISTORY

In this unit, children will find out about journeys. We will be looking at the Titanic, looking at why the Kindertransport occurred and why people undertake these different journeys. The children will look at positives and negatives of these different journeys.

Mrs Holt
Teacher – 5HH

Miss Morris
Teacher – 5AM

Mr Goode
TA – 5HH

Mrs Taylor
TA – 5AM

MUSIC

This term we will listen and appraise 'The Fresh Prince of Bel Air'. This will include Listen & Appraise, new progressive Warm-up Games, Flexible Games, new progressive improvisation, resources, and composing.

SCIENCE

This term, we will learn about materials, how they change, and which changes are reversible and irreversible. The topic concludes by looking at how these properties are applied in the real world. We will even get to make our own volcano!

COMPUTING

In this unit, the children will explore and create virtual reality and augmented reality content independently. We will be looking at how to take a 360 degree picture. Throughout the 7 weeks, we will be using a software called CoSpaces.
